

On behalf of everyone at Cheers, we want to assure everyone that although there is new ownership of the golf club, the restaurant remains operating as usual with owners Danny Connolly and Denise Izatt on site.

There are so many quality entertainers scheduled over the next few months, plus cooking classes, wine pairing dinners, and many private group functions.

Safe travels to anyone heading for summer vacation or to see friends and family.

For those staying, the restaurant will be cool and welcoming.

Your support during the slower summer months is always greatly appreciated.
